The **FD 2030** desktop folder/sealer provides a reliable and compact solution for processing pressure sensitive self-mailers. Standard features include a six-digit counter, jog control, fault detection, L.E.D. indicators and an operator friendly touch-pad. Up to 225 forms can be loaded in the hopper and processed at speeds up to 9,000 per hour. All of these features make the FD 2030 the perfect solution for streamlining your post processing. The FD 2030 comes standard with a fully enclosed cabinet for storage and a conveyor with photo eye for neat and sequential stacking of processed forms.

Flexible

The FD 2030 handles a variety of documents up to 8 1/2" x 14" including checks, invoices, school reports, tax forms and appointment notices. Pressure seal mailers can be used for virtually any application that can be printed on one form.

Powerful

The FD 2030 processes forms at a rate of up to 9,000 sheets per hour and can hold up to 225 - 24# forms in the feed hopper. Combined with a duty cycle of up to 75,000 forms per month the FD 2030 offers the ultimate solution for streamlining your in office paper processing.

User Friendly Control Panel

Pressure Seal Solution

The Formax FD 2030 combined with a simplex printer and pressure seal forms create a secure, cost effective and time saving paper processing solution.

Ease of Operation

The FD 2030 is set up for user friendly operation. Simply set your folds according to the clearly marked settings on the fold plates, load your forms, press start and you're on your way. The FD 2030 has indicators for power on, fault detection, paper out and cover open for operator convenience. It also includes a six-digit counter for audit control.
