

#### Standard Features:

- **Pre-Marked for Six Popular Folds:**  
Letter, Zig-Zag, Single, Gate, Double Parallel and Fold Out folds in 11", 14" and 17" lengths.
- **Telescoping Outfeed Stacker:**  
Holds up to 500 folded documents and keeps them in a neat and sequential order.
- **Drop-in Feed System:**  
No fanning of paper required. Simply square the paper and load it in the feed tray.
- **6-Digit Addition and Batch Counter:**  
Accurately counts all documents processed. Batch mode allows users to key in a predetermined amount.
- **Cross-Folding:**  
A guide is included for maximum performance.
- **Fault Detection:**  
Automatically stops operation if a fault occurs.
- **Fine Tune Adjustment:**  
Precisely sets fold stops for crisp, accurate folds.

The F D 340 folder is a fast, dependable and easy-to-use solution for virtually all folding applications. Six popular folds are clearly marked on the fold plates for quick set-up. Adjustments can also be made to process unique custom folds.

The unique telescoping output stacker and optional Multi-Sheet Feeder give the 340 unmatched output ability and added folding versatility. The output stacker can hold up to 500 folded documents. This enables operators to fill the in-feed hopper and let it completely run out before removing the folded documents for most applications. The multi-sheet feeder gives the 340 the ability to fold up to three stapled or unstapled sheets of 20# paper in one pass.

#### Options:

- **Multi-Sheet Feeder:**  
Folds up to 3 stapled or unstapled sheets of paper at the same time.
- **FD 400 Jogger**
- **Cabinet**

## Flexible:

The FD 340 is capable of processing paper up to 17" in length and up to 11" in width giving it the flexibility to process a variety of paper lengths and widths. The ability to customize jobs allows operators to fold in virtually any configuration that only requires two folds. Cross folding adds to the 340's flexibility allowing for additional folds in a second pass.

The optional semi-automatic multi-sheet feeder system enables operators to process stapled and unstapled sets of precollated documents with up to three 20# sheets.

## Accurate:

Self centering side guides and a skew adjuster ensure that paper is loaded and feeds squarely into the folder. Fine tuning knobs on the fold plates allows the user to precisely set the fold position.

## Operator Friendly:

Pre-marked fold settings and a centrally located control panel makes for easy set-up and operation. The telescoping conveyor with an unprecedented stacking capability of up to 500 folded documents cuts down on unloading time and ensures that the forms remain in a neat and sequential order.

## Pre-Programmed Fold Types:

Letter

Zig Zag

Single

Gate

Fold Out

Double Parallel

Fixed Speed: Up to 12,000 pieces/hr

Hopper Capacity: Up to 500 sheets 20#

Paper Size: Min: 3 1/2" W x 5"L

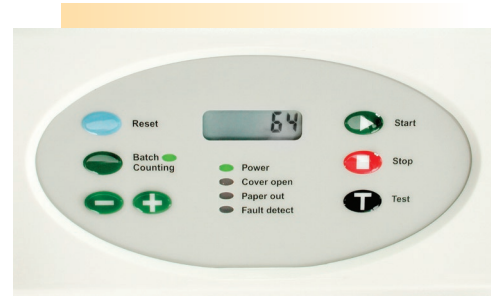

Max: 12 1/4 W x 17"L

Power: 120 VAC 50/60 Hz

Dimensions: 33"L x 20"W x 19" H Conveyor closed

60"L x 20"W x 19" H Conveyor extended

Weight: 67 lbs

Control Panel

Optional Multi-Sheet Feeder

Closed Conveyor

The **FD 400 Jogger** is a recommended option that reduces static electricity from forms and aligns them for proper feeding.
